

Information about the planning of the written exams from the EXAMS session and the Methodology for registering and taking the written exams from the EXAMS session

The planned dates for the written exam in the exam session are:

- **January 21, 2026, 11:00 a.m.**
 - **January 29, 2026, 11:00 a.m.**
-

TL;DR

- fill in form to choose exam date ([link form](#))
 - criterion for entering the written exam
 - check course webpage, 24h before the exam, to see the exam room assigned to you
 - before and during the exam, follow the rules described below and in future post here and on the course webpage
-

In order to take the written exam at the course MLRE004: Computer Systems Architecture, it is necessary for each student participating in the written exam to fill in the form ([→ EXAM REGISTRATION](#)) in order to choose the exam date in which they wish to participate at LEAST 72 hours before the desired date of the written exam.

After filling the form, the student will be assigned to one of the exam rooms. **The exam rooms assigned to each exam day as well as the distribution of students in the exam rooms will be displayed on the course website only 24 hours before each exam date.**

Each student can fill in the form ***only once!*** As a result, please send your option only when it is final because ***you cannot resubmit*** the registration form!

(The places on each date are limited by the places available in the lecture rooms. Therefore, your distribution for the two dates must be fair (a maximum of ~110-120 students on each of the 2 dates).)

Important: Students must appear in front of the room where they were assigned 20 minutes before the time set for the start of the exam and will identify themselves based on their identity card. The entrance to the exam room will be done in an organized manner by occupying the place indicated by one of the supervisors in the exam room.

Mobile phones will be turned off throughout the exam and will be deposited along with everything that means luggage, clothes, before occupying the assigned seat in the room. You can open your mobile phone after leaving the exam room.

During the exam, students are allowed to have on them a writing instrument (blue pen) and a bottle of water or juice. Failure to comply with these requirements will automatically and without exception lead to elimination from the exam.

Students who do not meet the conditions for participation in the exam will not be admitted to the exam even if they fill the above form. These conditions are:

- at least 12 attendances at the laboratory
- at least 5 attendances at the seminar
- weighted average of the three test ≥ 5 ($0.3 \cdot t_1 + 0.3 \cdot t_2 + 0.4 \cdot t_3 \geq 5$)

The detailed situation of the grades and attendance can be found on the website ([⇒ EN](#)).

Observation! In academic info you do not have to register for the exam! ANY DETAILS RELATED TO THE WRITTEN EXAM (date, time, rooms, list of planned students) will be presented here and on the course webpage.
